PROFESSIONAL EXPERIENCE

OutSystems Developer – Stepfinity Software Solutions Pvt. Ltd., Bhopal
October 2022 – Present

- Develop, enhance, test and maintain web and mobile applications on OutSystems across multiple client and internal projects.
- Deliver features end-to-end, translating user stories and business requirements into technical solutions.
- Build reusable components following OutSystems best practices; work in Service Studio and Integration Studio.
- Integrate REST APIs and external systems, including Salesforce and AWS S3.
- Work with SQL and data models to support application functionality and reporting.
- Take part in requirements analysis, testing, UAT support, bug fixing and production issue resolution.
- Participate in Agile/Scrum activities, code reviews and knowledge-sharing sessions.
- Mentor new developers during onboarding on OutSystems best practices.

KEY PROJECT EXPERIENCE

Inventory Management System | Tech Lead
Team Size: 7 | Technologies: OutSystems Service Studio, SQL

- Built a role-based delivery workflow (PMGT, Finance Review, Store Acceptance, Material Picker, Cart Verification) with approve/reject routing and task lists.
- Developed inventory and master data modules (customers, locations, products) with bulk upload and automatic stock updates.
- Implemented barcode and serial number scanning for item picking, with real-time quantity sync on outward and cancellation.
- Added audit logging for every inward entry and approval action, including reasons.

Sales Tracker | Tech Lead
Team Size: 7 | Technologies: OutSystems Service Studio, SQL

- Built a portal replacing spreadsheets for annual and quarterly sales targets, with locked submissions and confirmation prompts.
- Developed the automated SIP bonus engine using KPI weightages, achievement percentages and department-wise multipliers.
- Implemented HR/Finance review and approval workflows with task lists, controlled overrides and recalculation.
- Added master configuration and full audit trails for every transaction, approval and override.

HSA | Core Developer

Team Size: 12 | OutSystems Service Studio, Jira, AWS S3

- Develop new features from user stories, own feature delivery and resolve production and UAT defects.
- Implemented AWS S3 integration for secure file storage and document management.

Access Ali | Core Developer

Team Size: 4 | OutSystems Service Studio, Salesforce APIs

- Integrated Salesforce APIs to retrieve and synchronize business data within the application.
- Developed notification functionality and resolved application defects.

MMHE | Core Developer

Team Size: 12 | OutSystems Service Studio, Integration Studio, Jira

- Developed a dynamic PowerPoint generation feature from application content.
- Translated requirements into functionality, performed unit testing and supported defect resolution.

NHGP | Core Developer

Team Size: 4 | OutSystems Service Studio, Jira

- Built a doctor appointment application showing doctor availability and patient booking.
- Developed reports and dashboards for stakeholders and validated functionality against requirements.

Certis Performance Rating Portal | Core Developer

Team Size: 4 | OutSystems Service Studio, Jira

- Developed features supporting contract performance and cost evaluation workflows, including complaint requests routed to admin.
- Gathered and implemented business requirements; supported testing and defect resolution.

Gulf Oil | Core Developer

Team Size: 5 | OutSystems Developer Cloud (ODC), Jira

- Built an intranet portal from scratch on ODC with posts, blogs, surveys, polls and banners for internal communication.
- Participated in Agile activities, unit testing, bug fixing and code reviews.

ACHIEVEMENTS

- **Rising Star Award** – impactful solutions and strong early-career performance.
- **Project Champion Award** – exceptional delivery, code quality and ownership on critical project responsibilities.

EDUCATION

Master of Computer Applications (MCA), Scope Global Skills University, Bhopal | 2025 – 2027 (Pursuing)
Bachelor of Computer Applications (BCA), Rabindranath Tagore University, Bhopal | 2021 – 2024 | CGPA: 8.3/10
